

FREE WEBINAR for RD's-to-Be

Career Possibilities: Success Stories to Help Open the Door to your Dream Job

March 4, 2010

8:30 am-9:30 am PST

10:30 am-11:30 am CST

11:30am-12:30 pm EST

Gone are the days when dietitians entering the field were faced with only a few career options. With nutrition remaining a hot topic in the current environment, dietitians today have seemingly endless opportunities to build their dream career. Learn how to open up doors for new opportunities or build your business by hearing the stories and paths taken by successful dietitians. This webinar will inspire you to take your career to the next level and provide you with tools to help you achieve your future professional desires and dream job.

Speaker: Melissa Halas-Liang, MA, RD, CDE is a Registered Dietitian, Certified Diabetes Educator and holds a Masters degree in Nutrition Education. Melissa has the Certificate of Training for Childhood and Adolescent Weight Management. She has 15 years of diverse experience in nutrition management, counseling, teaching, media and writing and currently serves as Co-President of the Los Angeles District of the California Dietetic Association (CDA) and Spokesperson for CDA. For the past eight years, Melissa has provided [on-line education](#) at universities to health professionals and the general public. Through her consulting and www.superkidsnutrition.com she shares her passion of creating a healthier "next generation" by working with other nutrition experts in the field to "save the world, one healthy food a time™." Her books [Super Baby](#), [Abigail's Lunch Time Adventure](#) and [Havoc at the Hillside Market](#) and website motivate families and children to develop healthy eating habits so they can achieve their full potential by living a healthy, fun-filled life..

Learning Objectives:

1. Describe the many different types of career paths within the field of nutrition
2. List examples of how to get your foot in the door
3. Learn how to promote your unique skill set and talents
4. Position yourself as a leading food and nutrition expert.
5. Explain the skill sets needed to grow or enhance your current career path or business.
